Thursday 17, Friday 18, Saturday 19 December 2020

from 11 am to 7 pm

**CONTEMPORANEAMENTE** is a collective opening of more than 30 contemporary art spaces in the Campania region which will open their doors on 17 - 18 - 19 December sending a strong message of cohesion as well as celebrate the vigour and vitality of contemporary culture in the Campania region even during these uncertain times.

The first edition of **CONTEMPORANEAMENTE** represents an effort to consolidate the cultural proposals with the support of the city's main institutions: **Museo Madre, Fondazione Made in Cloister, Fondazione Morra, Fondazione Morra Greco, Fondazione Plart**, although their temporary closure is imposed by the current safety measures.

For the same reason as the main institutions, Flip Project, Magazzini Fotografici and Tarsia support the project, waiting to resume their activities.

**CONTEMPORANEAMENTE** is already envisioning new events for the upcoming year in order to offer profound experiences in the contemporary art world.
